KIRSTIE REA

Born Canberra, ACT, Australia 1955

As an independent visual artist based in Canberra Kirstie's works over the past 35 years has explored her love of and care for places outside city limits, beyond the urban fringe. She draws from a deep appreciation of these places and continual return to them for field research.

At the core, this investigation lies a desire to seek an understanding of our often-tenuous connections to place. Walking in these places, seeking solitude and distance from the everyday, Kirstie draws on her photography and writing to inform her making.

Alongside this inquiry is Kirstie's in-depth knowledge of her primary material glass, and the processes she employs to create her work.

Having established her studio in 1987, following her graduation from the Glass program at the Canberra School of Art, Kirstie has continued to develop her practice to become internationally recognised and respected for her works in glass.

She has exhibited widely internationally, and her work has been included in numerous Australian Glass survey shows. Kirstie has had solo exhibitions in Australia, the USA, New Zealand and Hong Kong. Her works are included in public and private collections such as the National Gallery of Australia, the Toyama Glass Art Museum, Toyama, Japan, the Victoria and Albert Museum, London, the Alexander Tutsek-Stiftung Foundation in Munich, Germany and the Corning Museum of Glass, USA.

Kirstie was a lecturer in the Glass Workshop, Australian National University from 1987-2003, and was the inaugural Creative Director at the Canberra Glassworks, Australia from November 2006 to February 2008.

Teaching and mentoring new generations of glass artists has played a major role in Kirstie's arts practice. She has taught in her field of kiln formed glass and cold working techniques across the world since 1987. These teaching venues include Pilchuck Glass School USA, the Corning Studio, USA, Pittsburgh Glass Centre, USA, North Lands Creative Glass in Scotland, and Vetroricerca School in Bolzano Italy.

From 2003 - 2005 Kirstie served on the Board of Directors for the Glass Art Society (USA) and was closely involved in the organisation and running of three international glass conferences. She also served on the Board of Directors of Ausglass and was a co-chair for the 14th biennial Ausglass conference *Open House* in 2008 and again in 2017 for the *(r)evolve* Ausglass conference.

Her practice has been recognised by the following awards Ausglass Honorary Life Membership Award (2009), the artsACT Creative Arts Fellowship (2004), the CAPO Fellow Award (2014) and the Canberra Glassworks Fellowship (2016).

Professional Experience – Academic
